## CHAMBER OF INDUSTRY AND COMMERCE MERCOSUR AND THE AMERICAS

The Chamber of Industry and Commerce of Mercosur and the Americas, founded in 1991, is a civil entity, governed by private law, officially recognized by member and associate countries.

Its headquarters are located in São Paulo, Brazil, in addition to regional branches in Brazil and in member and associate countries such as:

Argentina, Uruguay, Paraguay, Venezuela, Chile, Peru, Mexico, Cuba, Colombia, Costa Rica, Portugal, Spain, Germany, Italy, Dubai, India, China, Russia, Japan, among others.

The Chamber of Industry and Commerce of Mercosur and the Americas works to strengthen international and regional cooperation through multiple projects developed with the support of countries, international organizations and state and municipal governments.

## MERCOSUR PROJECTS

### CHAMBER OF INDUSTRY AND COMMERCE MERCOSUR AND THE AMERICAS

The projects aim to recover the economy, trade, tourism and services, support governments, companies and industries, generate jobs and income, in addition to food security and protection of the climate and water.

In addition, the entity operates in the areas of health, culture and education, among other post-covid-19 actions.

The expansion of trade negotiations between Mercosur member countries with partner countries in the Americas and other continents will be essential to ensure business survival in the new times.

The organization works to expand international trade and business in all countries in South America, Central America and North America (especially the United States, Canada and Mexico), in addition to expanding business with economic blocs.
